Foreword

All About Cards

Flexible packaging solutions
for your needs

TRUST
ON OUR
MANY YEARS OF
EXPERIENCE!

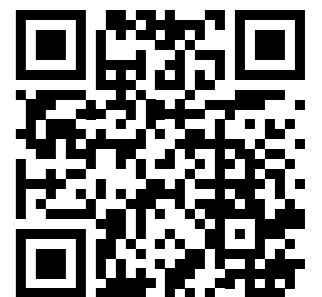

High-quality, innovative packaging gives your cards undivided attention. They represent the value of your gift, customer or bank cards and convey the desired information about the card and its use.

Whether a simple card carrier for the point of sale (POS), the right packaging for a marketing campaign or special outer packaging for loyalty cards - we offer you individual packaging solutions that meet your needs and applications. You can choose between different materials, from classic cardboard and metal to various wood or leather designs. Thanks to sustainable materials, the packaging from All About Cards conveys your company's environmental awareness. Give your card packaging an additional distinctive touch by choosing one of our high-quality finishing options such as cold foil, spot varnish, hot stamping foil, embossing or hololam foil. For the addition of fanfolds, booklets or special giveaways, you will also find the right individual solution with us.

Once you have decided on card packaging, we will also be happy to take care of further services such as mailing and fulfilment, or the entire handling of your customer loyalty campaign.

Have we aroused your interest? Then contact us.
We will be happy to advise you.

Have fun discovering it.

Creative gift card campaign

There are no limits to your creativity: While the soft-touch boxes and double folding cards are kept simple in black, the inserts and voucher cards come up with colourful variety. Design gift sets in different motifs to strengthen the individuality of your customers. The vouchers can be purchased online and offline. With the help of surface finishes such as hotstamp or textured varnish, the patterns on the cards are shown

off to their best advantage. The high-quality soft-touch surface ensures an appealing feel, making the folding cards and boxes particularly comfortable to hold. With individual design, space for personal lines and variable card value, the result is a premium gift card programme that offers your customers a high degree of flexibility and makes quite an impression.

High-quality loyalty programme

Being loyal pays off for your customers - we will be happy to support you in implementing of your comprehensive and high-quality customer loyalty programme. Address your customers with cards and packaging in different variations. The three packaging sets shown are individually produced and contain a card, a booklet and, for particularly loyal customers, an additional partner card and a high-quality pen. All materials are sustainably produced and partly hand-made.

Packaging and design are made according to your wishes. You are free to choose the materials and finishes - be it felt, hot stamping foil or embossing. The elegant packaging will turn your card into a truly impressive event.
